

Progress in Distribution of Farm Machinery

to Farmer Self-help Groups in

District Tehri Garhwal and Almora Uttarakhand

Photos taken on 13th 18th January in Tehri Garhwal and Almora District to support farmers for cluster based collective farming under FPCs.

Creation of Farmers Self Help Groups attached with Farmer producer Companies.

Out Team conducted meetings with the farmers registered with in our farmer producer companies initially in district Tehri Garhwal and Almora for formation of self-help groups in all those villages which have previously contacted us while the farmer producer companies were being registered. The guidelines of the central government supported "Farm Machinery Bank Scheme" required establishment of registered self-help groups having the account in bank.

We conducted monthly meetings for four months in each village and mentioned the minute of meeting in the register for record. In the first month the agenda of meeting was identification of farmlands for collective farming inside villages. Because the farmers have small and marginal land holdings entire month the format of exclusion of individual farmers

land for creation for collective farmland was discussed. After finalization of land in the village next meetings was held.

In the second meetings groups decides to open the account of self-help groups for fulfilling the guide- lines mentioned in the "Farm Machinery Bank Scheme". Details of each farmer their land record were collected to be submitted in the bank. President and Secretary of the group were

elected by voting process.

In the third meeting discussions were focused on the mode of operating the machinery and planning the use of farm machinery inside the clusters. The total number of machineries required for the tilling of entire farmlands in one go was not enough due to limited budget in the scheme in each block. Hence rotation models which was discussed and agreed was based on rotation of machines in the cluster after preparation of land in one cluster. This model will be initially be under consideration for at least one year until additional machineries are claimed after six months in the budget of 2020-21.

Identification of crops was also done in these group discussions according to the site conditions. Mode of sharing the income and separation of operation cost from profit was also discussed in detail, to avoid any dispute in future it was decided that groups will have meetings in regular intervals every month to avoid confusion and get details of cluster from the monitoring and reporting teams.

Subsidy forms

Subsidy forms were filled for each group and the details of land record name of group name of village were filled and the form was verified by *Gram Panchayat Vikash Adikari* at block office. A supporting letter of the group was issued to the chief agriculture officer for providing subsidy for purchase of farm machinery under the central government funded "Farm Machinery Bank Scheme".

Details of bank account and passbook were presented to the chief agriculture officer in Tehri and to *Bhumi Sanrakshan Adikari* of *Sult, Syeldey* and *Dwarahat* block in Almora district. Photocopy of minute of the meeting of Self Help group were also presented as mentioned in guidelines.

Application fees was deposited in the chief agriculture officer's office at *Narendranagar* in Tehri and to *Bhumi Sanrakshan Adikari* of *Sult, Syeldey* and *Dwarahat* block in Almora district of all the self-help groups, which is a mandatory step of identification of group by agriculture department for considering the group to provide the subsidy.

Attested details of land record were attached with the file for proof as mentioned in the Subsidy form of agriculture department.

There after affidavits of each group were prepared on a non-judicial stamp paper affirming that the farmer group is part of a registered farmer producer limited company, and the machinery will be used for collective farming. It was mentioned that the group will not sale out the farm machinery and will abide to all rules and regulations of government for the use of machinery which shall be provided to the farmer self help group. Name and signatures of all group members were also mentioned in the affidavits.

Tax Invoice Details

Tax invoice of the service provider (farm machinery supplier) was presented to the chief agriculture officer's office at *Narendranagar* in Tehri and to *Bhumi Sanrakshan Adikari* of *Sult*,

Syeldey and Dwarahat block in Almora district. Each invoice have clear mention of type of machine its make type and prices including GST. E-way bills were also generated for the supply of machinery and a copy of e-way bill was attached to the file.

Transporters bill was also attached with date of journey and list of machinery to be delivered to farmers self-help group.

Delivery Challan

Delivery challan was issued by the service provider to the self-help group with details of machinery, it make type quantity and prices including GST. The machinery was recived by the farmer self help group and was verified by the officer of agriculture department in each block where the machinery was delivered.

In total twenty one (N=21) self Help Groups have been registered in Tehri Garhwal, eight (N=8) in Almora, five (N=5) in Pithoragarh and twelve (N=12) in Champawat district. The files of these groups are under process at different stages in all four districts. We have been assured by the Agriculture minister, Director Agriculture and Chief Agriculture Officers and *Bhumi Sanrakshan Adikari* that in 2020-21 budget more funds will be allocate to fulfil the need of our self help groups.
